FEWER THAN 10 DEMOCRATS FOR THE EMERGENCY TARIFF MEAS'RE

Vote Will Be Taken Today Following Four Hours Of General Debate

HOUSE STARTS GRIND Other Resolutions For Peace To Be Offered After Knox's

WASHINGTON, April 14.—The emergency tariff bill when it comes before the house today "will not get ten Democratic votes," Representative Kitchen, Democratic leader, predicted. There will be four hours of general debate allowed, according to the present program, then an effort will be made to get a vote.

The Democrat caucus agreed to oppose the tariff, but it is understood that about 20 members excused themselves on the ground of previous pledges.

Representative Kitchen declared that he expects to take a more active part in directing the fight upon the tariff, than he had anticipated. The discussion on the tariff with its added provisions, today will mark the real beginning of work on the executive program of the session. Other important measures will come up in rapid succession, according to Republican leader Mondell.

Senator Knox's peace resolution is expected to be the signal in the house for several members to re-introduce their measures or new ones in this line which failed to get past the executive last session. Chairman Potter of the foreign relations committee of the house and Representative Mason, of Illinois, both have bills providing for peace with Germany and both are expected to be presented again in a few days.

ATTEMPT BY PREMIER TO SPLIT TRIPLE ALLIANCE ON EVE OF THE STRIKE FAILS

PHOTOS SHOW SCENES AND LEADERS IN BRITISH COAL STRIKE

Upper photo shows an English colliery, deserted during the strike. There are hundreds of such collieries idle. At right men are running out one of the last trucks at a colliery. Below at left, Frank Hodges, head of the miners; center, J. McGurk, right, and Robson, miners' representatives, are shown after an executive session of the miners' chiefs.

Leaders of Working Men Threaten To Precipitate A General Election For Purpose of Repudiating Lloyd George—No Hope For Peaceful Settlement

LONDON, April 14.—An attempt by Premier Lloyd George to split the triple alliance and avert the general strike announced for 10 o'clock tomorrow night broke down early this afternoon, and all hope of settlement seems shattered.

Having exhausted all other means, the premier tried, at a conference with the spokesmen of the railmen and transport workers to turn them against the miners. He failed completely.

It was revealed later that in their meeting with Premier Lloyd George today, the leaders of the triple alliance indirectly threatened to force a general election.

"You've got your plans and we've got ours," one of them half-shouted. "We will put it to the nation."

The premier charged that the miners' strike was dominated by extremists, saying:

"I have always had an uneasy feeling that the miners' leaders with whom I am dealing are not the people's."

The government has taken over Hyde park. It was announced this afternoon. Kensington Garden, London's other huge park, has been closed to the public and swarming with troops since last week.

As the conference left No. 10 Downing-street where they had deliberated three hours, J. H. Thomas, chief power in the triple alliance was asked:

"Is there any hope for a settlement?"

"I see nothing at all," replied Thomas, gravely shaking his head.

The premier's ingenious but ill-fated attempt had consisted of charging that the miners were violating the constitution by seeking nationalization through direct action.

But the heads of the two classes of workers that are the miners' partners in the triple alliance, declined to accept that view of the situation. They flatly refused to listen to the premier's plea that they recommend to the miners to return to work.

Instead they stood firm on their decision to go out themselves unless the government acceded to the miners' principal demands.

Up to noon today nothing had happened to justify any hopes that the triple alliance strike announced for 10 o'clock tomorrow night will be averted.

In response to an invitation from Premier Lloyd George, the executive officer of the alliance called at No. 10 Downing-st, but there was no indication that they had any idea of backing down from their call to the railmen to go out in sympathy with the miners who have been on strike two weeks.

I should like to know, Premier Lloyd George wrote to Mr. Thomas, head of the railway men, "the grounds on which you have determined to afflict such a serious blow on your fellow countrymen."

At today's conference Thomas and his fellow labor leaders were understood to be going all over the ground covered in daily conferences since April 1.

CONCENTRATION OF WEALTH IN AMERICA IS STYLED A MENACE TO WELFARE OF INSTITUTIONS

Country Contains 22,696 Millionaires, Worth \$136,000,000,000, Or More Than One-Fourth Of Total Wealth Of Nation—Sixty-Eight Per Cent Of Adults Subject To Income Tax Make Less Than \$3,000 Per Year, Says Machinists' Association Head

WASHINGTON, April 14.—"The concentration of wealth in this country has reached a stage which is a menace to our institutions," declared William H. Johnston, president of the International Association of Machinists, in an address before the opening session of the conference of the People's Reconstruction League here today.

Johnston called upon the conference to adopt the program of the People's Reconstruction League and to work for "taxation of privilege" instead of "poverty."

Twenty-two thousand six hundred and ninety-six millionaires are possessors of fortunes estimated to be worth approximately one hundred and thirty-six billion dollars, while our total national wealth is estimated at five hundred billions, Johnston declared.

"Those with incomes of \$3,000 or less subject to the income tax constituted 68.11 per cent of the total number making returns of incomes last year."

"The predatory financial interests and selfish business and current costs of government upon working people, farmers, workers in cities, mines and transportation by a retail tax and other consumption tax from which they hope to raise \$2,000,000,000."

The program of the league as outlined by George P. Hampton, director, is as follows:

"Prompt restoration of the railroads to unified government operation; legislation to control the meat packing industry; taxation of privilege instead of poverty; making our banking and credit system serve the people; control of national resources, opposition to universal compulsory military training."

"The present drive on the part of big employers to lower wages below the figures necessary to maintain the American standard of living must be watched to protect the welfare of the nation," James P. Noonan, president of the International Brotherhood of Electrical Workers declared.

VANDERLIP DEPLORES FAILURE OF AMERICA TO RESUME TRADE WITH RUSSIAN SOVIET NATION

MOSCOW, April 14.—Washington Vanderlip, head of the syndicate of American Pacific coast financiers that has obtained important concessions from the Soviet government today gave the following statement to the I. N. S.:

"I have been asked by Americans for an expression of opinion regarding Russian trade relations. The best answer at present is that from April 20, 1920, to date, 37 British vessels have brought goods to Russia and more are enroute; 150 from Germany and 142 from Sweden; others from Holland, Denmark and Finland.

"How many from America?"

"All goods have been paid for in Russian gold which eventually finds its way into the bank of England.

"According to a previous dispatch America's answer to Russia must be the work of our British cabinet minister. I have had no news from America for four weeks. What has happened?"

"Do American business men need a British visa to do business abroad?"

Roscoe's town pump is soon to be rehabilitated.

The Roscoe "well" is located in the center of the public square. It has been idle for months, due to lack of repairs. The residents are unanimously in favor of installing a pump in the near future.

"Capt" Miskimins, the originator of the move to have Roscoe supplied with "fresh well water," is collecting contributions at his pool room in Roscoe for the purpose.

TWO GIRLS FACE LANCASTER TERM

Iris Roderick, 12, daughter of Mary Roderick, and Violet Lent, 13, daughter of George Lent, 919 Pine-st., were each given suspended sentences to the Girls Industrial School at Lancaster by Probate Judge Milo C. Ely, Wednesday afternoon.

The two young girls were arrested by Probation Officer E. C. Rinner, Tuesday, while walking towards Lewistown.

The girls did not return home from school Monday afternoon, but went to a moving picture show. They stayed in the show until it closed, when they started walking around town. They said that they walked out to the fair grounds where they slept in one of the buildings Monday night.

Probation Officer had been hunting for them since Monday night when they were reported missing by their parents.

OCCUPANTS BRUISED WHEN FORD GOES ON FROLIC WEDNESDAY

Leland Strome, Warsaw and Richard Borden, Killbuck, were badly bruised about their bodies Wednesday afternoon, when a Ford roadster belonging to the latter ran off the road near Warsaw and crashed into a fence, the car turning over and over twice. The accident happened near Marion Shepard's Greenhouse, just north of Warsaw.

Borden was driving the car at a high speed when he lost control. It was said Thursday. The car was partially demolished. It was a new roadster.

Borden and Strome had been to Killbuck and were coming toward Warsaw when the accident occurred. Borden received a badly cut ear and other bruises about his body. It required five stitches to close the wound. Strome was badly bruised about the body. The injuries are not serious, according to the attending physician, Dr. J. E. Hahn of Warsaw.

The Urey Bros., ambulance took Strome to his home in Warsaw and Borden to his sister's home, Mrs. W. Laughlin, Warsaw.

LEGION POST TO OCCUPY QUARTERS, HENDERSON BLDG.

Ralph Courtright Post No. 65, American Legion, is soon to move into the new quarters in the Henderson building on Main and Hickory-sts. The legion men will occupy the big room on the second floor facing Main-st. The room is being redecorated and remodeled. The big room is partitioned off into three rooms.

HEINKE GETS THE VERDICT IN SUIT BEVINGTON BROT

In the case of Guy Bevington, formerly of the Bevington Motor Co. of Coshocton, against E. W. Heinke which was heard in common pleas court Wednesday, the jury returned a verdict in favor of the defendant.

Bevington brought suit against Heinke for the collection of a bill for repairs on a car but by Heinke from Bevington, amounting to \$268.61, and asked for interest from August, 1919.

Heinke said that he bot the Mitchell car from Bevington in December 1917. The car was guaranteed to be in good condition, and if not, Bevington was to make it good. While the car was in the garage, Heinke claimed that Bevington took it out and drove it without the owner's permission. He claims that while Bevington was driving the car it was wrecked. A counter claim of \$490 for damages done to the car was brought by Heinke. Bevington denied wrecking the car, according to Heinke, who says that it was so badly damaged that Bevington was unable to repair it properly by all the work done for the \$268.61 bill, which Bevington sued to collect.

The jury evidently allowed Heinke \$300 for damages, from which the bill of \$268.61 with interest was deducted, leaving him a balance of \$45.11, the amount of the verdict.

HALLER ACQUITTED IN COMMON PLEAS COURT THURSDAY

Fred Haller, Bridge-st., who was indicted by the grand jury on a charge of receiving stolen goods, was acquitted by the petit jury Thursday noon.

Haller was arrested a month ago by Chief of Police Maple on a warrant sworn out by John Kleinknecht from a young boy by the name of Knapper in return for a caride lamp.

Evidence in the case was considered insufficient to convict Haller.

C. Homer Durand acted as Haller's attorney.

The case of Lloyd Wine, administrator of the estate of Sarah Jane Stewart against A. J. Stewart, which was scheduled for the court, Thursday afternoon, was settled outside of court Thursday morning.

Attorneys Murphy, Shepler & Burk represented Wine and Enos, Leach and Pomerene were Stewart's attorneys.

A new petit jury has been impaneled and will begin to take evidence Friday morning when the case of Mabel Norris against David G. Parkhill comes up for hearing.

Attorney George D. Klein is representing Mabel Norris, and C. O. Turner will defend Mr. Parkhill.

WOULD-BE SUICIDE LEAPS OFF WEST BOUND TRAIN AT WALNUT STREET THURSDAY--IN HOSPITAL

DAUGHTER OF U. S. CONSUL RETURNS TO VISIT HOME

Countess Consuela de Maupas, daughter of Henry P. Morgan, U. S. consul at Brussels, has returned to New York. The photo was taken on her arrival.

Samuel Taylor, aged 35, Hickory-st., said to have tried to commit suicide Thursday morning by jumping from the rear platform of west bound passenger train No. 341, near a mail rack south of the Walnut-st railroad crossing, was confined to the City hospital today in a critical condition suffering from a deep scalp wound in the right side of his head and a lacerated left leg below the knee.

How Taylor met with the injury is not definitely known. There was no eye witness of the fall, as far as could be learned Thursday.

Mrs. Samuel Felver, 245 south Fifth-st., was the first to see Taylor's body lying in the center of the west bound track. Her attention was attracted by his screams. Soon after Mrs. Felver heard Taylor's cries of agony other neighbors were upon the scene. W. W. Stamm, proprietor of the Home Restaurant, whose attention was directed to Taylor by two young girls. Immediately went to Taylor. He picked up the wounded man and carried him to Mrs. Felver's yard.

While lying in the yard Taylor said, "You don't know what trouble I've suffered for the past two months."

Taylor explained that he and his wife had some trouble and that they weren't living together. Mrs. Taylor, formerly Germaine Clough, lives in the rooms over the Ben White restaurant on Hickory-st.

Mrs. Felver called an ambulance, which removed Taylor to the City hospital, where medical attention was given by Dr. Jesse McClain. Mr. Taylor was later operated upon by Dr. McClain, Dr. F. M. Marshall and Dr. J. D. Lower. Hopes were entertained Thursday afternoon for Taylor's recovery.

When questioned Thursday morning by a reporter concerning the accident and other family affairs, Mrs. Taylor said she had nothing to say and could not give any information regarding the matter. She would not answer questions.

Taylor said that he was a Roumanian by birth and that he had been living in this country for the past 16 years. He was employed at the J. B. Clow & Sons plant as a molder. He was not learned Thursday afternoon whether Mr. Taylor was enroute to his work when the accident happened or not.

JONAH IS SUBJECT OF PASTOR'S THEME AT GRACE CHURCH

The increasing numbers at the special services in Grace M. E. church show the unfolding interest in these meetings, says Rev. J. I. Wean.

The pastor gave the sermon last night from the 3rd verse of the 3rd chapter of the Book of Jonah, upon "Jonah's Second Thot."

The speaker called attention to recent explorations in Assyria at the site of Nineveh. The search is revealing the palaces of the various kings who ruled in the days of Jonah, and many tablets and records showing phenomenal accord with the scriptural account of the city and its doings. He called attention to Jonah's first commission and his flight to Joppa, and the distress in shipwreck which followed his disobedience. He stressed the peril that comes with the attempt to evade the responsibilities that rest upon each individual, in the claims of the Kingdom of God upon all men.

Jonah's experience revealed the folly of fleeing from duty and resulted in this "second thought," in which Jonah discovered that the reaction from disobeying God was far more terrible than any storm that blows. He showed how God's plans out-reach human wisdom and are always best, and how Jonah's message, faithfully delivered, brot the whole city to repentance, and immortalized the name of Jonah.

The congregation enjoyed the singing of the chorus, composed of young men from West Lafayette. Fifty little folks from West Lafayette will be present to sing at this evening's service, it was announced.

The praying band will meet in the prayer room at 7 p. m. and the service proper will begin at 7:30.

WOMEN OF MIDDLE LIFE

A Dangerous Period Through Which Every Woman Must Pass

Practical Suggestions Given by the Women Whose Letters Follow

Afton, Tenn.—"I want other suffering women to know what Lydia E. Pinkham's Vegetable Compound has done for me. During the Change of Life I was in bed for eight months and had two good doctors treating me but they did me no good. A friend advised me to take Lydia E. Pinkham's Vegetable Compound, which I did, and in a short time I felt better. I had all kinds of bad spells, but they all left me. Now when I feel weak and nervous I take the Vegetable Compound and it always does me good. I wish all women would try it during the Change of Life for I know it will do them good. If you think it will induce some one to try the Vegetable Compound you may publish this letter."—Mrs. A. KELLER, Afton, Tenn.

Mrs. Mary Lister of Adrian, Mich., adds her testimony to the value of Lydia E. Pinkham's Vegetable Compound to carry women safely through the Change of Life. She says:

"It is with pleasure that I write to you thanking you for what your wonderful medicine has done for me. I was passing through the Change of Life, and had a displacement and weakness so that I could not stand on my feet and other annoying symptoms. A friend told me about Lydia E. Pinkham's Vegetable Compound and the first bottle helped me, so I got more. It cured me and I am now doing my housework. Your medicine is certainly woman's friend and you may use this testimonial as you choose."—Mrs. MARY LISTER, 608 Frank Street, Adrian, Mich.

It is said that middle age is the most trying period in a woman's life, and owing to modern methods of living not one woman in a thousand passes through this perfectly natural change without experiencing very annoying symptoms.

Those smothering spells, the dreadful hot flashes that send the blood rushing to the head until it seems as though it would burst, and the faint feeling that follows, as if the heart were going to stop, those sinking or dizzy spells are all symptoms of a nervous condition, and indicate the need for a special medicine.

Lydia E. Pinkham's Vegetable Compound is a root and herb medicine especially adapted to act upon the feminine system. It acts in such a manner as to build up the weakened nervous system and enables a woman to pass this trying period with the least possible annoying symptoms.

Women everywhere should remember that most of the commoner ailments of women are not the surgical ones—they are not caused by serious displacements or growths, although the symptoms may be the same, and that is why so many apparently serious ailments readily yield to Lydia E. Pinkham's Vegetable Compound, as it acts as a natural restorative and often prevents serious troubles.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent to you free upon request. Write to The Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

POLICEMAN SHOTS IRONTON CITIZEN

IRONTON, April 14.—Henry Farmer, prominent and wealthy grocer, was shot and instantly killed at his home here yesterday by Patrolman Hayes Reed. The officer had arrested Farmer's son Charles in company with a woman, a few moments before the shooting. The son and woman were taken in for street walking. When the patrolman was passing the Farmer home enroute to the city prison, young Farmer asked permission to go into his home. The patrolman agreed, but accompanied him. Inside a quarrel started when young Farmer attempted to escape. The patrolman used his club upon the boy, and the elder Farmer interfered, and according to the officer struck him and pushed him out into the front yard. The officer pulled his revolver and fired at Farmer, the bullet penetrating his heart, killing him instantly. The patrolman surrendered immediately to the chief of police and will be held pending an investigation.

RHEUMATISM LEAVES YOU FOREVER

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.

Every druggist in this county is authorized to say to every rheumatic sufferer that if two bottles of Allenhu the sure conqueror of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenhu has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and pitiable and where the patient was helpless. Mr. James H. Allen, the discoverer of Allenhu, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of any one's money unless Allenhu decisively conquers this worst of all diseases, and he has instructed Wimmer-Arnold Co. to guarantee it in every instance.

Mr. and Mrs. C. H. Brown, of Holmesville were the guests of friends in Coshocton, Wednesday.

The C. S. C. club was most delightfully entertained Wednesday evening by Miss Lucille Crawford, at her home 436 south Eighth-st.

The hostess was assisted in serving a dainty lunch by her mother, Mrs. John Crawford, to the following members: Miss Marjorie Mobley, Miss Lucille Northup, Miss Emma Eckert, Miss Ruth Hines and Miss Edna Fretts.

Miss Evelyn Gross, of this city, has returned home after spending a few days with friends and relatives in Adamsville.

The Junior Woman's club met in regular session at the library, Wednesday afternoon and enjoyed a most interesting meeting. Mrs. W. R. Davis had a splendid paper on, "Italia-Jugo-Slavic," and Mrs. George Mitchell used for her subject in a clever manner, "Gabriel D'Annunzio." Conversation, "Jugo-Slav in the United States," by Miss Gertrude Miller, was especially well prepared and presented in a most pleasing manner by Mrs. Glenn Marshall.

WOMAN LEADER IS FIRM BELIEVER IN WOMEN'S TRAINING

Mrs. George Gellhorn.

Mrs. George Gellhorn of St. Louis, vice chairman of the National League of Women Voters and director of the sixth re-union of the league, is famous not only as a suffragist and leader of women, but as a society woman, a wife and mother. She is scrupulous about reserving time for her family. Her tremendous belief in women and women's education has been the mainspring of all her activity. She considers her greatest achievement was making the farmers of Missouri pass a resolution asking that their taxes be increased for the sake of getting better teachers in the schools.

Fifty guests enjoyed the banquet given by the Warsaw basketball teams Tuesday evening in the Methodist Episcopal church. Lester A. Beck acted as toastmaster and the captains of the various teams were called upon for speeches.

Warsaw holds a splendid basketball record, having just completed her second year in this form of athletics, she has won 20 games out of the 27 played this past season.

The Warsaw M. E. team lost 3 out of their 12 games. Robert Beck, as guard, holds a total record of 33 field goals in 11 games, which is considered a very good record.

The girls team deserves much credit for their record, having won 4 out of the 6 games played and expect to put a good team on the floor next season.

Mr. and Mrs. Benjamin F. Burklew, 1109 east Chestnut-st, celebrated their 50th wedding anniversary, Wednesday when they entertained with a family dinner.

The table was beautifully decorated with a huge bouquet of bride's roses and covers were laid for Mr. and Mrs. Roy T. Burklew, Portland, Ore., Mrs. Elizabeth Longnecker, East Liverpool, Howard L. Burklew, of Portland, Ore., William H. Burklew, Pittsburgh, Pa., Mr. and Mrs. B. C. Brillhart, East Liverpool, Clyde Burklew of the city, W. M. Burklew, of Akron, Wilmer, Ralph and Dennis Brillhart and the host and hostess.

Mr. and Mrs. Burklew were the recipients of many lovely flowers and presents from their friends.

Mrs. Harry Hunt and Mrs. Ella De Hart, 724 Main-st, are visiting friends in Columbus.

NOTHING WRONG EXCEPT "RUN DOWN"

Heart All Right—Lungs All Right But Blood Weak

NO ENERGY OR ENTHUSIASM
That's When You Need Pepto-Mangan—The Red Blood Builder

When you feel weak and almost sick, see a doctor and find out what is wrong.

It may be a serious illness. But in many cases the doctor finds nothing really wrong except a general run-down condition due to the need of stronger, richer blood.

For over thirty years physicians have recommended Gude's Pepto-Mangan to restore weakened blood to its normal healthy state.

Pepto-Mangan imparts to the blood the elements it needs to build up vigorous men and women. Children whose blood is impoverished become listless and pale and fail to grow. Pepto-Mangan creates a supply of nourishing red blood that makes the cheeks glow, the eyes sparkle and brings back the energy for play or studies.

Pepto-Mangan is obtainable in liquid or tablet form, whichever proves most convenient. Both forms possess identical medicinal qualities.

There is but one genuine Pepto-Mangan and that is "Gude's." Ask your druggist for "Gude's" and look for the name "Gude's" on the package. If it is not there, it is not Pepto-Mangan.—Advertisement.

Millions Made By Bootleggers

BUFFALO, N. Y., April 14—Charges that a nation wide bootleggers' ring is in existence and that it is dominated by a Cincinnati man who has made \$50,000,000 since the prohibition amendment went into effect, were made today in federal district court by John F. Walsh, assistant district attorney who he spoke in connection with the sentencing of Supervisor John F. (Dot) Moriarty and John J. Gannon, convicted of conspiring to

transport liquor unlawfully. Mr. Walsh said that he believed that sufficient evidence had been disclosed here to indict the Cincinnati man, but that an indictment would not be forthcoming here because the crimes were committed in the Cincinnati and Kentucky districts. He named the man and said that the information gained here had been sent to Cincinnati.

Moriarty and Gannon pleaded guilty to seven counts against them and were fined \$3,000 each. They were charged with bringing into the district seven carloads of whiskey worth about \$150,000.

HAVE you always wanted to make your own clothes? Now is the time when you're never too old to learn. McCall's NEW Patterns have PRINTED instructions on each part of the pattern so that the pattern itself teaches you how to sew. Visit our McCall counter during Home Sewing Week to see these wonderful new Patterns.

New McCall Pattern 2115— it's printed

New McCall Patterns 2129 2133— they're printed

About the Wonderful NEW McCALL "Printed" Patterns

They will bring to thousands of women the welcomed economy of making their own clothes — and to many, too, the possibility of expressing their own tastes and their own ideas in designing. For, in a word, they're the easiest to follow and the simplest patterns in the history of sewing — a marvelous new invention that every woman should look into!

YOU know the old kind of Pattern—how confusing it was! A good many women never got beyond the first look at it—and then gave up any ambitions for the economy of making their own clothes.

—But wait until you see the New Pattern—with all instructions PRINTED on each part—the straight of the goods, where to cut, how to put together! Experts in sewing declare it to be the greatest step forward in the history of the Paper Pattern. —Where the puzzling circles and perforations confused you in the old Pattern, the New McCall Pattern has words in clear readable English. It eliminates the risk and uncertainty of cutting, for the PATTERN ITSELF TELLS YOU WHAT'S WHAT!

—And then it saves time—and patience! You won't wear yourself out learning HOW TO SEW.

—Every woman who has an ambition to make her own clothes should see the New McCall Patterns—"it's printed."

The New Wonder Pattern

—Instructions PRINTED so that you understand the Pattern at a glance. (This is a remarkable achievement in itself, for it makes the Pattern not only simple to use but absolutely accurate.)

—Now you know just what parts go together, for the notches are numbered correspondingly.

—At the outside edge — a margin. You do your cutting directly on the heavy black line—as accurate as a tailor—so that the curves are cut with delicate perfection.

—On the back of each pattern envelope, a diagram for each style, showing how to cut to the best economy.

THE NEW McCALL PATTERNS ALSO FIRST IN STYLE!

—THEY'RE THE PATTERNS for women who want style in their wardrobe, for they're really paper foundations that—turned into clothes—evolve into garments of charm and smartness.

—ALL THE NEWEST Fashion developments of Paris, and that thoroughfare famed for its smartly dressed women—Fifth Avenue—are incorporated in New McCall Patterns. Just now, the full flare skirt has come into wide vogue at Paris. And already, McCall's have introduced it to American women—so that the Home Sewer may be as advanced in style as the woman who buys her clothes.

—AND THE LITTLE FASHION TOUCHES that give newness—you may look for them in McCall's. This season—the open eyelet embroidery, the tunic unevenly draped over the hems, the graceful Princess line. We could point to many more things that make McCall styles supreme.

Silks

—Silk prices have not been so low in years, and it is hardly probable that they will stay so low. So that you will be wise to take advantage now of these unusual Home Sewing Week offerings. Qualities are in each case remarkable for the price. There is represented, a satisfying variety—plenty of good black Dress Silks, and colors, light and dark, suitable for all the needs of Spring and Summer.

- Taffeta Silks in the wanted qualities . \$1.50 to \$3.50
- Messalines and Satins \$2.00 to \$3.50
- Beldings and Nancette Cloth, no cloth its equal for wear \$3.50
- Tussah Crepe, 40 in. wide \$3.00
- Georgette Silks in plain and printed . \$2.00 to \$4.00
- Baronet Satin in plain and some wonderful color combinations for Skirts \$3.50 to \$7.50

HERE'S a tip to Home Sewers and especially to Mothers making dainty togs for little folks. A touch of embroidery will do wonders for a Frock. One of the best places to get ideas is McCall's Embroidery Book, and not only does it include Dress designs, but it brings a score of suggestions for pretty things about the home. McCall's Embroidery Book, 25c.

Culture In America

WRITING in the current number of The Century magazine, St. John Ervine makes the following observations about culture in the United States:

"It is, I think, true to say that the material progress of America has enormously surpassed the intellectual progress. That is why a European, visiting in the United States, is disconcerted to find men of immense power in business talking like children in an elementary school about literature and art.

"It was this absorption in material things which, tho it has made American domestic life easily the most comfortable in the world, left America so completely at the mercy of the old and ravenous diplomats of Europe in the peace conference. Culture, given by contemplation of art and literature, is the power to know and understand human nature and motives. Centuries of familiarity with the garnered beauty and learning of the world have gone to the making of the European statesman, but only a generation or two of intimate knowledge of great businesses and machinery had gone to the making of the American delegation.

"The great expense of America, the fact that its resources are still undeveloped, and that fortunes seem very easily to be made by men whose wits are both agile and accommodating, make the re-appearance of its high general culture difficult. The standards of America are constantly being displaced by the irruption of newly enriched men, who pass from poverty to affluence so rapidly that while they have the means for a life of culture, they have not the mentality for it."

Certain of the above deductions are undoubtedly correct. The closing thot to the affect that our newly rich amass wealth so quickly that they have not the mentality to take on culture is open to question. At least Mr. Ervine's choice of words is. Mentality means mental power. Are our European critics sure of their ground in asserting that successful business men in America have not the mental acumen to acquire culture?

The fact that they do not acquire it is by no means equivalent to saying they are incapable of acquiring culture. Granted that the majority of our business men are not cultured. But that does not justify the implication that we have no cultured classes in America. The men we elect to public office, the men our public officials send as ministers, consuls and even ambassadors to Europe are for the most part of the uncultured class.

Neither do we pay as much attention to literature and the fine arts as our European contemporaries. But this is true of every new country and is by no means attributable to our lack of mental capability. It simply means that American intellect finds a more engrossing occupation in the development of the nation's natural resources and in perfecting a material civilization.

Mr. J. C. Brister, State Automobile Inspector, Gets Into A Terrible Mixup With Dr. Frederick Blankner In Room No. 104, Park Hotel.

Mr. J. C. Brister is State Automobile Inspector and is the man who if you will not help yourself to an Auto License he very graciously helps you to one when he discovers your delinquency. And has charge of the various points in the state where the licenses are distributed. You never have any trouble when you get your license on time but your trouble comes when you delay in getting it. In other words you can't run an automobile without a license any more than you can practice dentistry without a license. It makes no difference what you do now days, a license of some kind is required. This is the age of license and nearly every day our legislature is passing some kind of a law that requires more and more license in order that every one can function rightly. Yes it is true that many people have a license for this and that which gives them a legal right to do this or that but in fact have no moral right. A license is supposed to spell efficiency but in many cases it spells the contrary.

Dr. Blankner was called to Columbus a few days ago and while there visited a number of hospitals, nearly all full to capacity, with people who simply delayed in caring for their physical condition until their ailments passed medical aid and entered the surgical field. This is not true of all cases but of many of them. It is surprising how many people are operated upon for goiter who have neglected proper treatment when medical aid could have prevented the disease developing into a surgical case.

Many of the goiter cases are fatal and it is an operation that requires the highest order of skill to avoid fatality. Hundreds of cases are operated on for hemorrhoids or piles that in their development if attention was given and proper medical treatment applied could have been cured a long time before surgical development evidenced itself. Many a sore develops into cancer just from neglect and could have been cured if proper treatment were applied before it reached the advanced stages. Gall stones and gravel likewise result from inattention to the kidneys and liver. Physicians agree that consumption in many cases can be avoided if only the person would take proper measures to prevent its development. Dr. Blankner contends that the vast majority of cases that reach a fatal stage could have been avoided if taken in time. When a person begins to go down hill, when defective elimination of the poisons of the system begin to manifest themselves, when digestion begins to break down, when ambition begins to fall, when drowsiness asserts itself, when the nerves are at high tension, when the heart begins to palpitate, when you experience short-

ness of breath, when pain begins to establish itself you can rest assured that you are developing a complicated line of troubles and the sooner you can do something to bring about normalcy of the vital organs the better it will be for you and your days of happiness and joy will be multiplied. It is Dr. Blankner's business to make sick people well and along this line he has been successful. During the past thirty five years he has treated people from all parts of the United States and has had an experience allotted to but few. If you are afflicted in any way why not make a Little Journey to room No. 104 Park Hotel and meet Dr. Blankner face to face in an honest heart-to-heart talk until Thursday, April 21st. For a long time Mr. Brister has been trying to get into a mixup with Dr. Blankner. His teeth have been diseased for several years and owing to the fact that he had extremely hard teeth to extract he dreaded it very much indeed. He finally made up his mind that he would try the good old go as you please rocking chair method of Dr. Blankner's and as a result he had twenty-one teeth extracted. Wm. Buckley of Millersburg, happened in at the same time for whom Dr. Blankner extracted sixteen teeth five years ago and all the while Dr. Blankner was extracting Mr. Brister's teeth they were joking with each other. Mr. Brister was indeed well pleased and said "Dr. Blankner you can publish anything you want to, say what you want to about your work and what you did for me and I will back it up. Mr. Brister is well known all over the state and especially so in Coshocton and lives at No. 222 Main-st. Go and see him. If you have diseased teeth now is the time for you to have the mexttracted skillfully, easily and painlessly without the use of chloroform, ether, gas, somaform, oucain or novocain, until Thursday, April 21st, room No. 104, Park Hotel. Phone service.

tion which in turn will inevitably evolve quite as high a degree of culture as Europe knows today.

Vast riches, abnormal wealth are admittedly not conducive to culture in the best sense of the word. But neither is extreme poverty, such as is seen in our larger cities and such as abounds in Europe. But America may be trusted to bring about a better diffusion of her material riches in the next two or three generations than exists today and with it we may reasonably expect the development of a cultured class at least equal to that developed thus far by European civilization.

CALIFORNIA, April 14.—No visit to Pasadena is complete without a visit to Rene's, the most genuinely Parisian restaurant to be found in all of America. Rene is there to bow to Madams and Messieurs in person. And the stranger is invited to inscribe his name in the Archives of Gourmets.

Rene used to be a headwaiter at old Sherry's but he told me he liked California far better. "The sunshine, the flowers, the people," he said with the real French shrug. It is expensive to dine at Rene's but it is worth the price.

It is small and cozy and does not cater to the hot-pot. Thick Turkish coffee is brewed at one's table and the plates rest in a compartment of boiling water so that they may always be hot.

We saw Adele Ritchie there and her husband Guy Bates Post. They live in a beautiful home here. Rupert Hughes and Mrs. Hughes were also among the diners. No dance floor in New York is at all comparable with that at Rene's and the orchestra plays softly and most of the lights are turned away down low.

California dance steps are about the same as they are in New York and the toddle is quite popular. No one thinks of going to Rene's in informal dress. It would be like wearing a brown derby at a church wedding.

Pasadena presents a glacial front to the morning picture folk. They are not encouraged to build there and although their rendezvous is the Sunset Inn at Santa Monica a few of the stars were at Rene's but mostly the patronage consists of wealthy tourists from Chicago and New York.

This morning we motored to Riverside to visit the famous Mission Inn run by California's Elbert Hubbard—Frank Miller. The hotel is Hubbard-furnished after the general style of the old missions which a hundred years ago skirted the coast from San Diego to San Francisco. They were a refuge and a home for the worn traveler who paid what he could afford and went away with the blessing of these men of God. Mr. Miller is an omnivorous reader. He had even read some of my articles and quoted something I had said. So of course I warmed to him. There was an organ recital which we attended and then with Mr. Miller we had luncheon in the open court. He had prepared quarters for us for a week and appeared genuinely disappointed that

WALT MASON THE MENACE.

The road is dark with reckless gents whose cheap cars swiftly pass, and they have less than fifty cents when they have paid for gas. They got their cars where junk is sold by some unimoral man; they got their cars, to have and hold, on the installment plan. And if they smashed my limousine, destroyed its priceless hood, they could not raise a silver bean to make the damage good. And if perchance they ran me down, and broke my costly spine, they could not raise a single crown to pay a claim of mine. Along the road their boats are hurled, for wrecks they do not care; they have no assets in the world, the damage to repair. Oh, in the future or beyond, on some bright day afar, the man must give an ample bond who hopes to drive a car. He'll have to show he can advance the roubles from his kek to pay the bill if he should chance to break some fellow's leg. He'll have to show he has the cash, the kopecks in a can, to pay me, if with maudlin rush he spoils my new sedan. The paupers scorch along the hill, and by the virgin wood; and if they wreck or maim or kill they can make nothing good.

MRS. LATERBAUGH

CURED OF ASTHMA BY KIRKER REMEDY

SOUTHEASTERN RY. EMPLOYEE TELLS OF GREAT RESULTS HIS WIFE GOT

"After taking three fourths of a bottle of Kerker's Asthma and Hay Fever preparation, my wife hasn't a sign of asthma," is the joyful statement of George Laterbaugh, employed at the Southeastern Railway power plant and residing on R. F. D. No. 2, South Zanesville, O.

"She has suffered with the asthma all winter," he continues in his statement. "She had great difficulty in getting her breath and had the other ailments common to asthma. You may know how well pleased I am with the wonderful results she got from Kerker's Asthma and Hay Fever Preparation."

(Signed) GEO. LATERBAUGH. The Kerker preparation is handled by Siegrist & Williams, Coshocton; Paul Rottman, Millersburg and Geo. A. Beers, Newcomertown.

we only remained an hour.

I stopped to talk to some Japanese laborers in the field near Redlands. They were very shy and much embarrassed though courteous. A Japanese lady handed my wife a large bouquet of sweet peas with a cunning courtesy I learned later that I was supposed to pay her for them but I didn't know that. I suppose in my stupid way I have done something further to increase the Yellow Peril! I presume they think I'm a bandit of some sort.

Kenneth C. Beaton, known to millions of readers as K. C. B., drove down from some ranch to see us at Pasadena while we were away so we missed him. He was born in Canada but he loves California best of all.

My dog got his just deserts for his roughneck ways along the road today. He ran afoul of a prickly cactus growth while dashing across the yard of a country estate. He had the idea the cactus was alive for after being scratched up he would walk around it with the hair raised on his back but craven that he is he would not tackle it. Perhaps he will not be so eager impudently to frisk across terraced lawns in the future. I stopped to buy an orange at a stand. The owner in a bored manner refused pay. I suppose buying a single orange out here is like buying a grain of salt.

EPSOM SALTS LIKE GLASS OF LEMONADE

If you want epsom salts without the awful taste and nausea, ask your druggist for a handy package of "Epsomade Salts" which looks and acts exactly like epsom salts, because it is real epsom salts combined with fruit derivative salts, giving it the taste of sparkling lemonade.

Take a tablespoonful in a glass of cold water whenever you feel bilious, headachy or constipated. "Epsomade Salts" is the much talked of discovery of the American Epsom Association.

NORTHERN OHIO IS DAMAGED LESS BY FROST THAN SOUTH

COLUMBUS, April 14.—Damage to crops in northern Ohio was not nearly so great as in other sections of the state during this week's freezing weather, according to reports by E. C. Cotton head of the horticultural bureau, state department of agriculture.

Indications are that 75 per cent of the apple crop in Lorain county, 25 per cent of the pears and 15 per cent of the plums were saved.

Practically all the commercial crops, however, were destroyed. It seems, in Lawrence, Washington, Gallia and Clermont co's. In Licking and other central Ohio counties, it is claimed late blooming apples are fairly safe, but that other fruits were destroyed.

Condamine's invention of caoutchouc was made in 1725.

SPRING COLDS ATTACK THOSE WHO ARE WEAK AND RUN DOWN

Every-Day Danger Threatens Everybody Whose Resisting Power Is Low

People who have become weak and run-down during the winter either from overwork or following grip or other serious illness are in special danger during the trying days of early spring. The weakened system is wide open to attacks of disease and new resisting power must be built up without delay.

For this purpose no better tonic food medicine can be used than Father John's Medicine, because the pure, nourishing elements of which it is made rebuilds health and strength. A doctor's prescription in use more than sixty-five years,—Father John's Medicine is guaranteed free from alcohol or any dangerous drugs. The wholesome, strength-building food which it contains is easily taken up by the system and it gives the very resisting power so greatly needed at this time.

FATHER JOHN'S MEDICINE Best For COLDS

CRUDOLEUM

Reg. Trade Name
DISPELS DANDRUFF AND LEAVES THE HAIR SOFT AND FLUFFY

Professional hair dressers are using it in their hair and scalp treatments; why not you? It is a higher grade of Petroleum and contains sulphides and other antiseptics, and hair nourishing ingredients, combined, dissolved, and filtered by nature, so thoroughly that you would not know they were there, yet their germ-destroying properties are evident. It is light in color, pure and pleasant to use and will not alter the color of the hair, and the price for a large bottle for family use is only 35c. Any druggist from whom you buy CRUDOLEUM is hereby authorized to give you your money back if it fails to please you.

Young people who are just beginning to care for their hair should be taught to keep the scalp clean with CRUDOLEUM. It is a vermin destroyer. CRUDOLEUM is essential to successful hair care; it makes it possible for you to have or retain hair beauty. If your druggist does not keep it, send us 40c and the parcel post will bring it to your door by return mail. Wm. M. Simpson Drug Co., Wholesale Druggists, Wilkinsburg Station, Pittsburgh, Pa.

TROOPS IN GERMANY BURDEN TO TAXPAYER

WASHINGTON, April 14.—President Harding is requested to order the immediate withdrawal of the American army of occupation in Germany, by the terms of a resolution introduced in the house this afternoon by Representative Hamilton Fish Jr. of New York.

The resolution declares that the presence of American troops in Germany is contrary to the traditional foreign policy of the United States and that a heavy burden is laid on American taxpayers in supporting the troops, inasmuch as Germany has not been able to support the troops as provided by the treaty.

AGENT HELD UP BY TWO ROBBERS

INDEPENDENCE, Ia., April 14.—Two mail robbers are believed to have obtained a considerable sum of money today when they held up C. R. Dodge, station agent for the Illinois Central railroad here. The bandits fired one shot at Dodge when he did not throw up his hands quick enough to suit them, seized a pouch containing registered mail and escaped in an auto. The mail was consigned from Omaha to Independence and is believed to have contained bank remittances.

Mrs. F. W. Wise Tells How Cuticura Healed Pimples On Head

"My head was full of pimples and they were even down on my forehead. They itched and burned and I scratched them and large scales formed. My head would at times itch till I could not sleep at night, and my hair became lifeless and broke off."

"I tried several remedies without success. I decided to try a free sample of Cuticura Soap and Ointment, and later bought more. When I had used them about six months I was entirely healed." (Signed Mrs. Floyd W. Wise, R. 1, Shepard, Ohio.)

Cuticura Soap daily and Cuticura Ointment occasionally, prevent pimples or other eruptions. They are a pleasure to use as is also Cuticura Talcum, a fascinating fragrance for perfuming the skin.

Sample Each Free by Mail. Address: "Cuticura Laboratories, Dept. H, Malden 44, Mass." Sold everywhere. 25¢ Cuticura Soap shaves without razor.

NUXATED IRON

Helps make rich, red blood
and revitalize weak nerves

IS THIN WATERY BLOOD RUINING YOUR HEALTH?

AND SAPPING YOUR BODILY AND MENTAL VIGOR, LEAVING YOU WEAK, NERVOUS AND IRRITABLE AND MAKING A FAILURE OUT OF YOU? HOW TO TELL

If you suspect you may be suffering from iron starvation, do not wait until you go all to pieces and collapse in a state of nervous prostration or until in your weakened condition you contract some serious disease, but consult your family physician and have him take a specimen of your blood and make a "blood count" of your red blood corpuscles or test the iron power of your blood yourself by adding plenty of spinach, carrots, or other iron-containing vegetables to your daily food and take organic iron like Nuxated Iron with them for a while and see how much your condition improves.

Thousands of people have surprisingly increased their strength, energy and endurance in two weeks' time by this simple experiment. But in making this test, be sure the iron you take is organic iron—Nuxated Iron—and not metallic or mineral iron which people so easily take. Organic Nuxated Iron is like the iron in your blood and like the iron in spinach, lentils and apples, while metallic iron is iron just as it comes from the action of strong acids on small pieces of iron. Nuxated Iron represents organic iron in such a highly concentrated form that one dose is estimated to be approximately equivalent (in organic iron content) to eating half a quart of spinach, or one quart of green vegetables. It is like taking extract of beef instead of eating pounds of meat. Beware of substitutes. Look for the word "Nuxated" on every package and for the letters N. I. on every tablet. Your money will be refunded by the manufacturers if you do not obtain perfectly satisfactory results. For sale by all druggists.

FOUR KILLED AND SIX INJURED WHEN TRAIN HITS AUTO

COVINGTON, Ky., April 14.—A Chesapeake & Ohio train hit an automobile Wednesday on a grade crossing, killing four persons and injuring six others.

The dead:—Virginia Murray, Latonia, Ky.; Charles Miles, Jr., Newport, Ky.; Florence Kemper, Cincinnati; Dr. A. J. Heaven, Newport, Ky.

Ruth Potter, Luella Schockman, Helen Ford and Leo Eisch, of Cincinnati, were seriously injured. Walter Creighton and Arthur Klein, of Newport, also riding in the machine, were not seriously hurt.

COLUMBIAN TREATY NOT UNACCEPTABLE TO T. R. SAYS FALL

WASHINGTON, April 14.—Sharp issue was taken with Secretary of the Interior Fall by Senator Kellogg, Republican, of Minnesota, in the senate today as to the accuracy of Fall's statement that the present revised Columbian treaty was not unacceptable to former president Roosevelt. Kellogg inquired how Roosevelt could have signified his approval of the pending treaty when it was not reported from the senate foreign relations committee until long after Roosevelt's death.

LADIES! DARKEN YOUR GRAY HAIR

Use Grandma's Sage Tea and Sulphur Recipe and Nobody will Know.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this thru your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.

Just the shirt you have been looking for. Plain White Oxford cloth with button down collar attached, French cuffs, exceptionally well made and the price you will like—\$1.25. D. O. Thompson's.

REDS START RIGHT, BEATING PIRATES

CINCINNATI, April 14.—Cincinnati defeated Pittsburgh Wednesday 5 to 3 before the largest crowd that ever attended an opening game in Cincinnati. The Reds scored four runs in the eighth inning by bouncing hits. Pittsburgh started a batting rally in the ninth after two were out and made two runs. Laque was hit hard through, but was saved by his support when runners were on the bases. The score:

ACHES AND PAINS—SLOAN'S GETS 'EM!

Famous pain and ache Liniment kept handy, brings warming, gratifying relief.

RHEUMATIC twinges ease up soon. So do stiff joints, lame back, new aches, overtaxed muscles, and those pains from weather exposure, too. They don't fight long against the counter-irritation that Sloan's Liniment produces.

Always keep this old family friend handy for instant use. A little penetrates without rubbing, leaving no skin stains, muzz, or clogged pores. Its very odor, healthy and stimulating, suggests the good it will do.

All druggists. Three sizes—35c, 70c, \$1.25. Largest size is most economical.

The Movies Affect Your Eyes At All?

They shouldn't produce any undue annoyance, and if they do there is likely some defect of vision present. We can likely remove that defect with a special lense so that when you visit the movies, if you will wear them, you will probably not be bothered at all. If you think that is worth while, call.

Promotions Coming For Army Officers

WASHINGTON, April 14.—President Harding today approved recommendations made by Secretary Weeks for the promotion of 14 brigadier generals to the rank of major general and 22 colonels to the rank of brigadier general.

Where One Gallon
Equals Two—

Quality does tell! Measured by covering capacity and length of wear, one gallon of Hanna's Green Seal Paint proves itself equal to two gallons of so-called "cheap" paint. And there's a reason: viz.,—no paint can be better than the ingredients that go into it.

HANNA'S GREEN SEAL PAINT contains only highest grade ingredients, universally recognized as necessary in making good paint. If a paint is sold at a ridiculously low price it simply means that it is lacking in these necessary ingredients and contains cheap adulterants.

The exact formula is printed on every package of Green Seal.

DIAMOND DUST

Baseball would not be baseball without a Kelly to talk about.

Adolpho Luque, the Havana per-

fecto, treated Cincinnati fans to a Red victory over the Pirates.

Aaron Ward's long homer into the left field bleachers and Babe Ruth's quintet of hits coupled with Carl May's pitching, featured the Yanks' victory over the Mackmen.

Joe Sewell's wild heaves helped the St. Louis Browns to a victory over the Champion Indians.

Rain kept Ty Cobb from making his bow as a manager.

President Harding, Vice President Coolidge, Gen. Pershing, and diplomats galore saw Walter Johnson fall to finish an opening game for the first time in his career. Walter was forced to

bow to the Red Sox.

Bernie Neis acting as a pinch hitter for the Dodgers, started Brooklyn on the road to a ninth inning rally and a victory over the Braves with a timely single.

For Itching Eczema,
Old Sores and Piles

"I guarantee my ointment," says Peterson of Buffalo, "to cure eczema; to stop the itching at once and any reliable druggist will cheerfully refund money if PETERSON'S OINTMENT doesn't do everything I say it will do."
William A. Carley of Franklin, N. Y., is surely a wise man. He writes: "I used PETERSON'S OINTMENT on a little boy suffering terribly with eczema. It did the work."
Then there is Alex. Louttel, a brave fireman of Buffalo, who is glad to write as follows: "I had an old sore on my leg for many years. The best doctors failed. PETERSON'S OINTMENT entirely healed the sore quickly." And from over in Canada comes a letter from A. Blockebey, stating: "The best thing I ever hit for itching piles is PETERSON'S OINTMENT." A big box for 35 cents.

INGROWN TOE NAIL TURNS OUT ITSELF

A few drops of "Outgro" upon the skin surrounding the ingrowing nail reduces inflammation and pain and so toughens the tender, sensitive skin underneath the toe nail, that it can not penetrate the flesh, and the nail turns naturally outward almost over night.

"Outgro" is a harmless, antiseptic manufactured for chiropodists. However, anyone can buy from the drug store a tiny bottle containing directions.

COLDS NOW— PNEUMONIA LATER

"Keep down common colds and less-seen pneumonia cases, which increase rapidly during the winter months," warns a prominent Chicago physician. At the first suggestion of a cold apply Mayr's Pine Needle Balm to the nose and check it before it has a chance to develop. This stimulating essence of the northern pines is so soothing and healing that catarrh, colds in the head, nose and throat clear up quickly when Mayr's Pine Needle Balm is used. Sold in two sizes—30c and 60c tubes. Free trial by writing to George H. Mayr, 219 West Austin Ave., Chicago. Mayr's Pine Needle Balm is for sale by The Wimmer-Arnold Drug Co. and druggists everywhere.

AUTHORIZES IN- CORPORATION OF ANTI-BLUE LAWS

COLUMBUS, April 11.—That incorporation of the National Anti-Blue Law League of America has been authorized by Secretary of State Smith is the announcement made here today.

The purpose of the league, whose headquarters are to be located here, is that of "promoting, encouraging and fostering the observance of proper and reasonable regulations for the pleasure, amusement, entertainment and health of the people at all times, not inconsistent with, or opposed to, religious faith; opposing the enactment of laws curbing the liberty of the people or any portion thereof to indulge in such amusements and entertainments not prohibited by law as seem fit and proper to them; and for the purpose of opposing blue laws, so-called, which are not approved by, but are contrary to, public sentiment and which interfere with, curb, or prohibit, the liberty of the people, or their inalienable right to the pursuit of happiness."

The league has been incorporated by Thomas M. Logan, Henry Heil, Edward O'Connor, A. S. Shaughnessy and H. H. Walter, all of Hamilton-co.

VALUE OF FOREIGN MONEY A BASIS OF TARIFF COLLECT'N

WASHINGTON, April 14.—The emergency tariff bill with the anti-dumping and American valuations provisions, was reported to the house today under an agreement of the Republican members of the house ways and means committee.

Debate on the measure will begin tomorrow. Representative Young, North Dakota, was authorized to report the bill.

The bill introduced today differs from the emergency tariff measure of last session in the anti-dumping and American valuations provisions, it carries a clause which makes the value of foreign money the basis for collection of duties, which is expected to decidedly increase the duties from Italy, Germany, Austria and several Balkan states and does not materially affect Canada, Great Britain, France, Holland, Scandinavian Countries, Cuba or South American states.

Do you *know* whether Brednut will satisfy you?

YOU may think that you could never be satisfied with anything but fresh creamery butter. But unless you try Brednut, you can have no idea of its creamery butter qualities.

You can't tell any difference in the taste, in the texture, in the cooking qualities. No matter how you use it, you get exactly the same results as if you were using the best creamery butter. Brednut is not just a good spread—it is exactly the same as creamery butter and we challenge you to tell any difference between them.

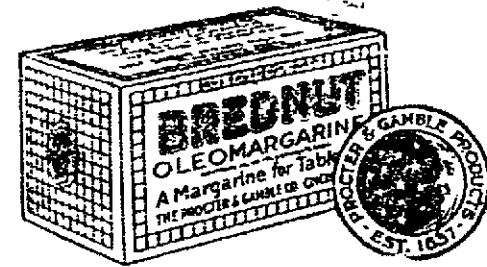

Brednut is churned daily and is always fresh when you get it. It will stay fresh amply long enough for a small family to use a pound. It is pure and clean, untouched by human hands in the manufacture. Made of the cream of choice cocoanuts, it is as wholesome and digestible as butter can be, and contains the same body-building elements.

Yet Brednut costs you considerably less than you pay for creamery butter because it is less expensive to grow cocoanuts than to feed cows. Get a package from your dealer today and learn for yourself that it does give you every advantage of creamery butter. Your money refunded if you are not satisfied.

The Famous Brednut Test Example No. 10 Brednut in Oyster Soup

PREPARE two bowls of oyster soup—one with Brednut and the other with fresh creamery butter. Now taste one and then the other. We challenge you to tell which is prepared with Brednut. Brednut is the equal of and is equalled only by fresh creamery butter.

WHEN SLEEP COMES BACK THURSDAY Health Talk No. 69

By R. E. Lynch, D. C.,
Chiropractor.

—When sleep deserts you, then strength departs. It is a great day when sleep comes back.

—Loss of sleep is due to pressure on spinal nerves affecting the brain. Seemingly the victim of this ailment cannot stop the train of thought. Lack of ability to rest brings on extreme

nervousness, often times the victim fears that he is going to pieces and may even fear for his sanity.

—When the chiropractor by his skillful adjustments restores the joints of the spine to alignment and removes the pressure on spinal nerves which is causing this trouble, the patient experiences a relaxation that is all the more profound because of the need of the exhausted body. Strength is rapidly regained once the ability to sleep is regained.

Unable to Relax or Sleep But Can Now

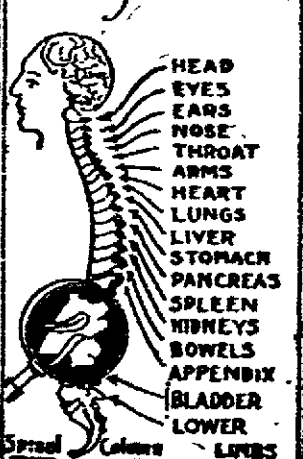

"I had not slept more than three hours out of every twenty-four. After my husband died I could not discuss my business affairs with my attorneys without 'going to pieces.' When I tried chiropractic I was desperate. After the first adjustment I slept fourteen hours. In forty more, I was a new woman, able to sleep all night, and eating what I wanted. Chiropractic should be welcomed as the greatest panacea of human ills." Statement No. 1256L.

Germany will also suggest, the correspondent says, that the United States authorize her to place a loan in the United States which would permit the Germans to acquire American raw materials.

Le Petit Parisien's Berlin correspondent says Germany is considering the creation of government monopolies of sugar, potash and alcohol, and to offer the revenues from these monopolies to the allies.

G. CARPENTIER WILL TRAIN IN THE U. S. FOR DEMPSEY BOUT

PARIS, April 14.—Georges Carpentier will sail for the United States May 7, to start training for his championship match with Jack Dempsey. It was learned here today. It was also announced that Carpentier who is now touring in Spain has refused an offer of \$100,000 for three bouts in Australia, one against Billy Slade an American fighter.

DISCOVER PLOT TO KILL EX-EMPEROR

PARIS, April 14.—A plot to assassinate ex-emperor Charles has been discovered at Lucerne, according to a dispatch from the Swiss city to the Petit Parisien. The conspiracy was revealed to the police by a private detective. Several foreigners who were equipped with false passports were arrested. The prisoners had grenades in their possession.

The Story of Our States

By JONATHAN BRACE
VII.—MARYLAND

INDIAN arrows played an important part in the founding of Maryland. Lord Baltimore had been interested in the London company which was financially responsible for the settlement of Virginia. He became so enthusiastic over the possibilities in the new colonies that he desired to found a colony himself. After exploring the country just north of the Potomac he persuaded King Charles I to grant him this territory. In honor of the queen, Henrietta Maria, this new colony was called Maryland.

The payment for this grant was specified as two Indian arrows a year, together with a fifth part of all precious metals which might be mined. As the colony produced no gold or silver the cost of Maryland amounted to only the two arrows each year, and Lord Baltimore became to all intents and purposes an independent sovereign. As a matter of fact the charter was not issued until just after the death of Lord Baltimore, but as the deed was hereditary it descended to the second Lord Baltimore, under whom the first settlement was made at St. Mary's in 1634. This hereditary monarchy continued in force until, under the sixth Lord Baltimore, the Declaration of Independence in 1776 brought it to an end.

In 1788 Maryland adopted the Constitution and took its place as the seventh state in the Union. Its area totals 12,327 square miles, and it is thickly populated, so that Maryland is entitled to eight presidential electors.

ENGLISH MAIDENS ARE ALREADY DISPORTING ON BEACHES

Photographs show two fair young English bathers enjoying a game of chess between dips and, below, two others enjoying a little rope jumping for exercise.
English folk are able to enjoy the bathing season long before the people of this country. They begin to get their dips Easter and continue right into November. These snapshots were taken at the opening of the season at Margate Beach, England. The fair bathers are enjoying other sports besides their daily swim by the looks of the photographs above.

Children's Spring Clothes

are shown now at the Ransom Store in very pleasing variety, fresh shipments having just arrived.

—Gingham Dresses in regular, romper and bloomer styles are very prominent and are shown in all plain colors, as well as checks and becoming plaids of all kinds.

—Quaint, old fashioned, high waisted styles are popular, with pretty smockings and some with stiff organdy sashes. And some of the bloomer

styles are embellished with chickens, rabbits, etc., while others are prettily embroidered in various colors.

—Organdy Dresses in white and colors are arriving most every day too and nothing cuter could be imagined, with their crisp ruffles, sashes, etc.

—Sizes range from 1 to 14 years, with large assortments in the range from 2 to 6 and 8 to 12 years. Moderate prices prevail throughout.

School Boards Negligent New Plantings Need Care

Trees and shrubs planted in school grounds are often grossly neglected after a carefully planned planting scheme has been followed at considerable expense for the first year, says Prof. R. B. Cruickshank, Department of Horticulture of the Ohio State University. He states that the hopes for the improvement in the appearance of the grounds are sure to be blasted unless some care and attention are given annually to the plantings, and gives the following suggestions. Space up shrubby beds and for about a yard around the trees. Smooth this soil and if possible keep cultivated during the summer. If the latter cannot conveniently be done, mulch the graded soil with several inches of straw manure or old straw or hay. This mulch will keep the ground moist and smother the weeds.

LIMIT MEDICINE, TWO BOTTLES OF BEER DAILY, THREE GALLONS WINE MONTHLY

WASHINGTON, April 14.—Regulations governing the sale of beer and wines for medicinal purposes will be issued "within a very short time," Secretary of the Treasury Mellon said today.

The regulations have been held up pending the appointment of a successor to William M. Williams as Commissioner of Internal Revenue. Secretary Mellon said that a new commissioner will be appointed within a few days. The regulations will be issued as soon as the new commissioner, who will have charge of their enforcement, has approved them.

Mr. Williams today retired as commissioner, and Millard F. West, Assistant Commissioner in Charge of Accounts, was today appointed Acting Commissioner pending the selection of a successor.

The tentative regulations prescribing a limit of two bottles of beer a day and three gallons of wine a month recently drafted by Prohibition Commissioner John F. Kramer, could be issued today "if the necessity were that urgent," Mr. Mellon said.

Before issuing the regulations, however, Secretary Mellon said he was desirous of having the new Commissioner of Revenue approve them.

RUSSIAN COMMUNIST IS HELD AS LEADER OF WEST VIRGINIA RIOT

MOUNDSVILLE, W. Va., April 14.—A detachment of state police today took charge of the strike situation here following an outburst of violence late yesterday. Workmen, enroute to the mines, were attacked by strikers and in the melee which followed a number of shots were fired. George Polov, a Russian communist out on bail pending deportation, was arrested as the leaders of the rioters.

RADICAL MINERS JOIN VOLUNTEER CROWN FORCES

LONDON, April 14.—The striking coal miners have hit upon a plan to turn the chief weapons of the government into an instrument of their own defense. They are enlisting by the thousands in the citizens' emergency force called for by King George. Thus they not only get themselves into a strategic position to influence the minds of those who side with them, may be called upon to combat the strike, but they draw government pay and rations which exceed all strike benefits.

The railmen and transport workers are expected to follow the same tactics.

Number Of U. S. Dead

WASHINGTON, April 14.—The total number of American war dead in France at the end of March 1921, was 52,410, it was announced by the war department today.

EMELINE PALMER DIES IN DETROIT HOME; IS BURIED AT ADRIAN, MICH.

Word has been received here of the death of Mrs. Emeline Palmer, 57, widow of Martin Palmer, at her home in Detroit Michigan.

Mrs. Palmer was the daughter of Israel Baker and was born and raised near Otsego. She is a direct descendant of the surgeon on the staff of General George Washington. A lengthy story concerning Mrs. Palmer, including her picture, was published in a Detroit paper recently.

Mrs. Palmer's husband was a member of the 160th regiment of the Northern army during the Civil war.

Engineers Move 8-Story Building

PITTSBURGH, Pa., April 14.—The Joseph G. Woodruff building, an eight-story structure, is moving into a new location today in one of the country's most startling engineering feats. The building, weighing 10,000,000 pounds, is being moved 40 feet to permit widening of the street on which it is located.

Engineers used pulleys and power full screw springs to bring the structure from its foundation. It will be dropped on 12 concrete pillars. The feat includes retention of 1200 square feet of sidewalk which is being moved as part of the building. During the movement elevator, water, heat and light service was not interrupted.

FRANCE SUPPORTS AMERICA IN YAP MANDATE DISPUTE

WASHINGTON, April 14.—Support of the position of the United States in the dispute over the Island Yap is promised by France in a note made public by the State department today. The French note which is in reply to Secretary Hughes communication of April 4, asserts that no decision on Yap can be reached until after the meeting of the allied supreme council but Premier Briand promises to "broach examination thereof with the greatest desire to find a solution which will give every satisfaction to the U. S."

RUGS cleaned easily with a Hoover. You can rent it from H. E. Truitt, 322 N. 10th-st. A card will bring it to you anytime.

As Light Goes Through Glass

Just as light rays penetrate through glass, so current passes freely through Threaded Rubber Insulation. Nearly 200,000 tiny threads in each insulator mark the path for the current flow.

The hard rubber stands guard against the formation of short circuits between battery plates.

There's another reason why the Still Better Willard Battery with Threaded Rubber Insulation is worth so much more than its slightly higher cost. It's the one and only battery with the "Bone Dry" principle that is your absolute assurance of getting a battery as new as the day it left the factory.
